How Formitize Helps Cameron Grow His Business,

“I am a Pool Inspector in QLD and I am getting great feedback from my Clients when I say you will receive your reports in the next 5 minutes. Also, I can now take Credit Card payments on site through the app.”

I now have time to play with my children in the afternoon, instead of turning them away because I have to put reports together, save photos and videos, and then email them out. Now the reports are put together on-site and emailed before I even leave the house of my customer.”

He shares, “This is the best system I have seen and I have looked at and tried a couple. The help is Australian based. They are actually helpful. This is fantastic, time saving, easy to use. It will save you time and money. Love it.”
